

## Call for NVR French speaking activists in Belgium

### French NVR introduction in Belgium

Written by: Sarah Muschang and Eline Smessaert

On the 19<sup>th</sup> of April Haim Omer will come to Belgium to give a NVR introduction in French. NVR activists are needed to create a solid French speaking NVR network in Belgium.

This spring (19<sup>th</sup> of April) we will be organising a French speaking conference on non-violent resistance together with Professors Jan de Mol (*UCL*) and Isabel Roskam (*UCL*). Haim Omer will come to the Université Catholique de Louvain to introduce the basic principles for mental health professionals. In the evening a special conference for parents and teachers will be held. More information can be found on the following website: <https://www.cps-emotions.be/pdf/nvr.pdf>

The next step will be reflecting on how to implement non-violent resistance in a durable way in the French speaking part of Belgium. Therefore, high quality trainings will be needed. These steps will be worked out during the next months.

We'd already like to thank Frank Van Holen, Dr. Lampo, Dr. Campforts and other colleagues from the Belgisch Instituut voor Geweldloos Verzet for their support.
